The price range for acid casein slid lower this week, while rennet casein prices were unchanged. Demand for acid casein is seasonally declining in Oceania. Contacts in Oceania say market uncertainty has contributed to lighter demand from purchasers in other regions. Acid casein production is declining in Oceania, though spot loads remain available for purchasing within the region. In Europe, demand for rennet casein is trending higher but contacts report interest from purchasers in other regions is softening. Increasing seasonal milk output is enabling some drying operations to run busier rennet casein production schedules. Rennet casein remains available for spot purchasing.

Prices for: Spot Sales And Up to 3 Month Contracts, Free on Board - Warehouse, Non-Restricted, All Mesh Sizes, Conventional, and Edible Casein

Acid; Price Range - \$/LB:	3.5000-3.9500
Rennet; Price Range - \$/LB:	3.4500-3.7000

Information for the period March 3 - 7, 2025, issued weekly
