Prices for rennet casein moved higher this week, while the price range for acid casein was unchanged. Contacts report steady demand to stronger demand for acid casein in Oceania. Export demand for acid casein has reportedly ebbed somewhat this week, ahead of the year end holidays. Contacts report strong production of acid casein in Oceania and say spot inventories are available for purchasing. Rennet casein demand is strong in Europe. Rennet casein production is steady to lighter, following seasonal trends in Europe. Contacts say demand for rennet casein in recent weeks has been outpacing production. This has, reportedly, contributed to lighter warehouse inventories of rennet casein in the region.
