

Coming Soon!

On December 7, 2020, USDA's Agricultural Marketing Service (AMS) will begin publishing the new Daily Prior Day Hog Direct Hog Report ([LM HG218](#)).

Similar to the Daily Direct Hog Reports ([LM HG216](#) and [LM HG217](#)), this new report combines all regional information from the Eastern Cornbelt, Iowa-Minnesota, and Western Cornbelt Daily Direct Reports with National information onto a single report versus four separate reports, allowing customers to easily compare market trends on a national and regional basis. Customers will also have access to data for additional purchase types, specifically Other Market Formula and Other Purchase Arrangement purchases, not previously available. Lastly, the new report includes an improved [Negotiated Hog Purchase Matrix](#).
