Livestock Weighted Average Report for 1/8/2020 - Final

Special Note: Receipts last year: 1,678

Compared to last sale: All feeder cattle were too lightly tested last sale to develop an accurate market trend, however higher undertones were noticed on all feeders on offer. Quality this week was plain to average. The best demand for cattle was for lightweight calves suitable to develop into yearlings. Cattle were offered in mostly small packages. Demand overall was mostly moderate to good for light offerings. Market activity was mostly moderate to active. Weigh up cows sold on mostly moderate demand for heavy offerings. Quality this sale was average to attractive. Packers showed mostly light to moderate demand for cows this week which allowed feeding buyers to purchase most of the cow offering. Feeding cows sold mostly 3.00-6.00 higher this sale. Cows were in noticeably heavier flesh overall compared to last sale. Many cows have put on weight after having calves weaned off them and many consignments have fed offerings. Several sets of cows were hard fed and buyers showed good demand for these offerings, however feeding buyers purchased most of these offerings and are listed as fleshy below. Slaughter cows sold mostly steady to 2.00 lower on boning and lean cows. However, the quality of cows going to harvest was lower this sale compared to last making slaughter cows higher on a dressed basis. Slaughter bulls sold generally steady on like quality offerings. Young age cows suitable to re-breed sold with higher undertones. Quality was mostly average. Supply included: 0% Feeder Cattle (55% Steers, 38% Heifers, 7% Bulls); 0% Slaughter Cattle (70% Cows, 30% Bulls); 0% Replacement Cattle (95% Stock Cows, 5% Bred Cows). Feeder cattle supply over 600 lbs was 35%.
