Compared to last week: Spring born calves were too lightly tested to develop an accurate market trend, however lower undertones were noticed on both steers and heifers. Yearling steers were scarcely traded today thus no trend is available. Yearling heifers were too lightly tested to trend, however steady undertones were noticed. Quality was mostly plain today. Heavy snowfall was seen across much of the Central portions of the state overnight and through the day. Many freshly weaned calves were seen this sale and buyers discounted most of these offerings severely as many showed signs of stress. Demand for calves was mostly light while demand for yearlings was moderate. Offerings were light to moderate. Market activity was slow. Weigh up cows sold on mostly light to moderate demand for mostly moderate to heavy offerings. Packer buyers continue to buy cows for immediate harvest. Many load lots of cows were seen today and packers bought cows to put on feed and for immediate harvest. Slaughter cows sold steady to 1.00 lower. Feeding cows were too lightly tested last sale to develop an accurate market trend, however steady to lower undertones were noticed. Slaughter bulls sold steady to 3.00 higher in a narrow comparison. Young age cows suitable to re-breed sold steady to 2.00 higher. Demand for these offerings was moderate to good. Quality was average to attractive.
