Compared to two weeks ago: No sale was held last week due to extreme cold and very light offerings. Feeder cattle were too lightly tested both this week and two weeks ago to develop an accurate market trend, however steady to higher undertones were noticed. Demand was mostly moderate for light offerings. Quality was mostly plain to average. Despite light feeder cattle supplies buyers were quick to bid on offerings. Market activity was mostly moderate to active. Weigh up cows sold on mostly good to very good demand for light offerings. Slaughter cows sold mostly 3.00-6.00 higher in a narrow comparison on all classes. Packers continue to need cows for immediate harvest as extreme cold and snowy conditions have lightened available supplies. Feeding buyers showed some desire to buy cows to feed. Most of these offerings were really high quality and young age. Feeding cows sold mostly 5.00 higher. Slaughter bulls were very lightly tested today and were mostly lower quality and low dressing. Steady to firm undertones were noticed. Young age cows sold with higher undertones this week. Most young cows on offer freshly lost calves. Supply included: 34% Feeder Cattle (28% Steers, 72% Heifers); 58% Slaughter Cattle (97% Cows, 3% Bulls); 9% Replacement Cattle (100% Stock Cows). Feeder cattle supply over 600 lbs was 14%.
