# Cattle On Feed

---

Released October 19, 2007, by the National Agricultural Statistics Service (NASS), Agricultural Statistics Board, U.S. Department of Agriculture. For information on *Cattle on Feed* call Mike Miller at (202) 720-3040, office hours 7:30 a.m. to 4:00 p.m. ET.

## U.S. Cattle on Feed Down 4 Percent

**Cattle and calves on feed** for slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.0 million head on October 1, 2007. The inventory was 4 percent below October 1, 2006 but 5 percent above October 1, 2005. The inventory included 6.83 million steers and steer calves, down 5 percent from the previous year. This group accounted for 62 percent of the total inventory. Heifers and heifer calves accounted for 4.07 million head, down 1 percent from 2006.

**Placements** in feedlots during September totaled 2.43 million, 9 percent above 2006 and 3 percent above 2005. Net placements were 2.37 million head. During September, placements of cattle and calves weighing less than 600 pounds were 610,000, 600-699 pounds were 505,000, 700-799 pounds were 570,000, and 800 pounds and greater were 740,000.

**Marketings** of fed cattle during September totaled 1.71 million, 3 percent below 2006 and 6 percent below 2005. This is the second lowest fed cattle marketings for the month of September since the series began in 1996.

**Other disappearance** totaled 54,000 during September, 21 percent below 2006 and 5 percent below 2005.

## **Terms and Definitions of Cattle on Feed Estimates**

**Cattle on feed** are animals being fed a ration of grain, silage, hay and/or protein supplement for slaughter market that are expected to produce a carcass that will grade select or better. It excludes cattle being "backgrounded only" for later sale as feeders or later placement in another feedlot.

**Placements** are cattle put into a feedlot, fed a ration which will produce a carcass that will grade select or better, and are intended for the slaughter market.

**Marketings** are cattle shipped out of feedlots to a slaughter market.

**Other disappearance** includes death loss, movement from feedlots to pasture, and shipments to other feedlots for further feeding.

## **Reliability of Cattle on Feed Estimates**

**Survey Procedures:** During January and July all known feedlots in the U.S. with capacity of 1,000 or more head are surveyed to provide data for cattle on feed estimates. During the other months, all known feedlots from 17 States are surveyed. The 17 States account for 98 percent of the cattle on feed in feedlots with capacity of 1,000 or more head.

**Estimating Procedures:** These cattle on feed estimates were prepared by the Agricultural Statistics Board after reviewing recommendations and analysis submitted by each State office. Regional and State survey data were reviewed for reasonableness with each other and with estimates from the previous month when setting the current estimates.

**Revision Policy:** Revisions to previous estimates are made to improve month to month relationships. Estimates for the previous month are subject to revision in all States each month when current estimates are made. In February, all monthly estimates for the previous year, and the number of feedlots and annual marketings from two years ago are reviewed and subject to revisions. The reviews are primarily based on slaughter data, state check-off or brand data, and any other data that may have been received after the original estimate was made. Estimates will also be reviewed after data from the Census of Agriculture are available. No revisions will be made after that date and estimates become final.

**Reliability:** Since all 1,000+ capacity cattle on feed operators in every State are not included in the monthly survey, survey estimates are subject to sampling variability. Survey results are also subject to non-sampling errors such as omissions, duplications, and mistakes in reporting, recording, and processing the data. The effects of these errors cannot be measured directly. They are minimized through rigid quality controls in the data collection process and through a careful review of all reported data for consistency and reasonableness.

To assist users in evaluating the reliability of estimates in this report, the "**Root Mean Square Error**" is shown for selected items in the following table. The "Root Mean Square Error" is a statistical measure based on past performance and is computed using the differences between first and latest estimates. The "Root Mean Square Error" for cattle on feed inventory estimates over the past 10 years is .2 percent. This means that chances are 2 out of 3 that the final estimate will not be

above or below the current estimate of 11.0 million head by more than .2 percent. Chances are 9 out of 10 that the difference will not exceed .3 percent.

The following table also shows a 10 year record of the range of differences between first and latest estimates for selected items. Using estimates of number on feed as an example, changes between the first estimate and the latest estimate during the past 10 years have averaged 10,000 head, ranging from 0 to 36,000 head. During this period the initial estimate has been below the final estimate 5 times, and above the final estimate 0 times. This does not imply that the initial estimate is likely to understate or overstate final inventory.

Reliability of U.S. October 1 Cattle on Feed Estimates <sup>1</sup>								
Item	Root Mean Square Error	90% Confidence Level		Difference Between First and Final Estimates <sup>1</sup>			Number of Years	
		Percent	(000) Head	Average	Smallest	Largest	First Above Final	First Below Final
Number on Feed	Percent	Percent	1,000 Head	1,000 Head	1,000 Head	1,000 Head	Number	Number
Number on Feed	0.2	0.3	33.3	10	0	36	0	5
Placements	0.2	0.3	7.7	2	0	11	0	4
Marketings	0.1	0.2	2.7	1	0	5	0	1

<sup>1</sup> Based on data for the past 10 years.

## Information Contacts

Listed below are the commodity specialists in the Livestock Branch of the National Agricultural Statistics Service to contact for additional information.

Dan Kerestes, Chief, Livestock Branch ..... (202) 720-3570

## **ACCESS TO REPORTS!!**

---

For your convenience, there are several ways to obtain NASS reports, data products, and services:

### **INTERNET ACCESS**

All NASS reports are available free of charge on the worldwide Internet. For access, connect to the Internet and go to the NASS Home Page at: [www.nass.usda.gov](http://www.nass.usda.gov).

### **E-MAIL SUBSCRIPTION**

All NASS reports are available by subscription free of charge direct to your e-mail address. Starting with the NASS Home Page at [www.nass.usda.gov](http://www.nass.usda.gov), under the right navigation, *Receive reports by Email*, click on **National or State**. Follow the instructions on the screen.

-----

### **PRINTED REPORTS OR DATA PRODUCTS**

**CALL OUR TOLL-FREE ORDER DESK: 800-999-6779 (U.S. and Canada)**  
**Other areas, please call 703-605-6220                    FAX: 703-605-6900**  
**(Visa, MasterCard, check, or money order acceptable for payment.)**

-----

### **ASSISTANCE**

For **assistance** with general agricultural statistics or further information about NASS or its products or services, contact the **Agricultural Statistics Hotline** at **800-727-9540**, 7:30 a.m. to 4:00 p.m. ET, or e-mail: [nass@nass.usda.gov](mailto:nass@nass.usda.gov).

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.
