Livestock Weighted Average Report for 9/26/2025 - Final

AUCTION

	This Week	Last Reported 9/12/2025	Last Year
Total Receipts:	3,794	2,412	8,748
Feeder Cattle:	3,794(100.0%)	2,412(100.0%)	8,748(100.0%)

Compared to two weeks ago: No comparisons available on steers due to limited numbers for comparison; best test on heifers 800 lbs to 899 lbs were steady to 4.00 lower, heifers from 900 lbs to 949 lbs steady to 2.00 higher. Good to very good demand for todays offering of yearlings that were mostly off grass and in light to moderate flesh condition. An active market on the yearlings with mostly order buyers competing with internet buyers. Yearling consignments were mostly tested open replacement heifer, a few consignments of yearlings steers and spayed heifers. Buyers remain cautious yet were wanting to buy cattle. Several consignments of spring born calves were met with less enthusiasm as most producers just aren't ready for a bawling calf. Recent rains in the area have slowed fall field work and greened pastures up. Warm dry forecast for the coming week. Next feeder sale is scheduled for Friday, October 3, 2025. Supply included: 100% Feeder Cattle (31% Steers, 69% Heifers). Feeder cattle supply over 600 lbs was 83%.
